**Re: 2-A726-NS
First Round Channel Election Conflict Resolution
KXXV(TV), Waco, Texas (FIN-9781)
MB Docket No. 03-15**

Dear Ms. Dortch:

Centex Television Limited Partnership ("Centex"), licensee of KXXV(TV), Waco, Texas, hereby responds to the DTV channel election Conflict Letter it received on June 7, 2005, indicating that its First Round Channel Election would cause 0.2% interference to Channel 24, the protected DTV channel of KUVN-TV, Garland, Texas. KUVN-TV, Garland, Texas has elected to use its NTSC Channel 23 as its final DTV channel. *See* FCC File No. BFRECT-20050210AOD. That election was approved by the Commission on June 23, 2005, two weeks after the June 7, 2005 interference letter was sent to KXXV(TV). *See DTV Tentative Channel Designations*, Public Notice, DA 05-1743, released June 23, 2005. As a result, the slight predicted interference to KUVN-TV's former DTV Channel 24 is now moot, as it is no longer necessary to protect that channel. Accordingly, there is no conflict to be resolved in this situation, and KXXV(TV)'s election of its NTSC Channel 25 as its final DTV channel complies with the Commission's interference guidelines. Centex respectfully requests that its First Round Channel Election (FCC File No. BFRECT-20050209ABS) be approved.
